Stop the EDL in Bolton

The English Defence League (EDL) — a group of racist thugs and football hooligans with links to the Nazi BNP — intend to march in Bolton on 20th March to whip up race hatred against Muslims. These thugs spread fear and terror when they rampaged through Luton and Stoke recently. They smashed cars, attacked shops and assaulted Asians. When some locals tried to stop them they were called ‘race traitors’ and attacked.

Support for the UAF multiracial community protest against the EDL in Bolton is widespread, from a cabinet minister to MP’s, trades unions, religious leaders

We support the mobilisation to Bolton on 20th March
